Chair Report

Welcome to our members to the 2022 AGM and this the 2021 Annual Report. There's plenty to look forward to in 2022 but first let's take a minute to review the year that has been.

At our last AGM in April 2021, we welcomed some fresh faces to the board, Fergus Stewart, Duncan McKenzie, Brian Hecker and Brett Cope. In a plan for succession for the finance portfolio we also appointed Bruce Freeman in October. Sadly, Brian resigned shortly into his term due to work commitments but remains engaged accepting the Grievance Officer role for the organisation. The new faces have brought fresh thinking and have all rolled up their sleeves taking on various portfolios and projects. I would like to also extend thanks to Meredith Hodson, Damian Raper who, after a number of valuable years on the board, ended their tenure.

Shortly after our first board meeting, we met for a strategic planning workshop. In this session we explored the organisation structure and identified some gaps and areas that needed particular attention. Many outcomes from this and subsequent sessions are still in progress as we work towards our new strategic plan for 2023 and we look forward to bringing that together in consultation with the community in 2022. From this initial meeting there were areas identified of needing quick attention and we formed the Junior and Women's Review Panels.

The Junior Review Panel has spent many hours dissecting the current state of junior lacrosse and measures we can take as an organisation to encourage growth in the coming years. Growth has been stagnant for some time and COVID has not helped this position. As an organisation we have identified that we need to focus on growing participation starting with our juniors. We will work with our clubs to better align with schools through the successful Quickstix program. This season we will move to align our junior age groups with school years, a decision that was made after lengthy research and discussion within the panel. The panel also identified the need for club support via a Lacrosse Victoria Junior Coordinator which was ratified by the board. Kristen Hutchinson has been busy setting this role up and we will be looking for a permanent replacement as she shifts her focus to our new Vic Health grant. I extend thanks on behalf of the board and organisation to those members of the panel.

Chair Report Continued

I chaired the Women's Review Panel which had the difficult task of reviewing and making decisions for the 2022 season with particular focus on the State League competition. At one point in time, we were facing a two-team State League competition and I am pleased to say that with the experience in the group we have now begun a bumper state league season with four teams one of which is a Lacrosse Victoria team. This team aims to ensure any player wanting to play at this level, particularly those whose club does not have a state league team, has an opportunity to play at this level whilst continuing to play at their club. I look forward to seeing how this panel evolves and will now turn to tackle longer term growth opportunities. Thanks to all for your time and hard work to date.

I had the humbling honour of posthumously presenting Sue 'Meli' Sofarnos her life membership at a women's central round venue named in her honour. It's amazing to see the impact of Meli within our lacrosse community. Being able to honour and recognise members of our community in this way is very special and important. It brings our community together for a moment in time and allows us to reflect on everything this game and the individuals within it gives to us.

Duncan McKenzie has stepped into the created role of Director of High Performance. After a hiatus of national and high-performance events Duncan has been able to pull together an U15 Victorian Championship after the nationals were cancelled for a second year in a row. Duncan and the team did an excellent job in bringing everyone together and providing an important opportunity for this age group to train and play at this top level. Thank you to all involved.

Chair Report Continued

I decided not to start this report with talks of COVID, however, we are unable to ignore the effects of the pandemic that occurred in 2021 and that we are still experiencing today. We had high hopes that our 2021 season would be seen through untouched, however this wasn't to be. We sadly had to round off the season with a few matches to play. Thank you to clubs, players, officials, supporters, and volunteers who all put in so much to make the 2021 season happen. Although it did not end in its usual flourish it was a marvellous accomplishment to see players take the field again.

As well as the field season, the sport is evolving in other directions too, showcasing how we cater for different groups and expanding our footprint. The new home of Box Lacrosse in Altona has been a great success and the Box season was well received. Well done to Rob Maher and his team. The Sixes game received a huge boost in Olympic recognition. This will be something that our next strategic plan will highlight in how we bring this format into our busy calendar and gear up players for a hopeful Olympic appearance. We hosted senior men's and women's invitational sixes, both competitions were managed by an army of volunteers and showcased the passion and expertise of our community. I enjoyed my time with the mic (whether everyone else did to I'm not sure!) at the women's event, featured at a new venue the Port Melbourne Soccer Club. Certainly, plenty of potential for both formats of the game to grow and prosper in the coming years.

To finish on I would like to extend my thanks to the Lacrosse Victoria office and in particular Michael Sholly. It was my pleasure to offer Michael a two-year full-time contract that he accepted and in turn see him able to grow the office as we return to a new kind of normal. Michael is ably assisted by Development Officer Kristen Hutchison, Finance Officer Nicola Millard-Michaelis and we welcome Brody Balfour our latest recruit who takes up the position of competitions officer. We have also appointed Hayley Sofarnos as part time communications officer which makes the team full and poised ready to take 2022 head on. Michael and the team work tirelessly to keep the organisation moving and we're excited to see how they lead us in the years to come.

General Manager Report

After the disappointing cancellation of the 2020 season the lacrosse community were very excited to return to play in 2021. We began the year with the Club Sixes competition, and we were all set for the field season.

The season began but again we were disrupted by Covid with the government announcing in late May a seven-day lockdown. This was extended by a further seven days. With the Queen's Birthday weekend following, the competition was postponed.

We resumed after the Queen's birthday weekend, with matches lost to be played at the end of the season prior to the finals.

On July 15 the government then called for a further lockdown for seven days followed by further lockdowns. This continued until Thursday 2 September when the Board announced that the season would be cancelled.

With the cancellation of the season a decision was made not to award premierships for the 2021 season. The 2021 Annual Report will show all premiership tables and acknowledge the standings and the ladder of the competitions when the season was halted.

All Best and Fairest winners will stand and be presented appropriately.

Below is a timeline of the LV announcements for the 2021 season.

General Manager Report

Continued

DATE	ANNOUNCEMENT
27 May	The State Government announced a 7-day lockdown of the State of Victoria. The weekend's fixtures, 29/30 May, have been postponed.
2 June	A further 7-day lockdown announced and the next round of matches postponed.
9 June	Some easing of restrictions for juniors only. The U11 lightning carnival scheduled for 19 June cancelled.
16 June	Competitions resumed on Saturday 19 June.
21 June	LV announced that we would not be sending teams to the National Under 15 tournament in Perth due to the health risks involved with Covid and possible restrictions to travel.
15 July	The State Government announced a 7-day lockdown of the State of Victoria. All lacrosse matches cancelled that weekend
20 July	The Premier of Victoria, Dan Andrews, announced the extension of the Victorian lockdown for a further seven days. As a result, all lacrosse matches for the upcoming weekend, 24/25 July, were postponed.
28 July	Some restrictions eased but not enough to enable a return to play
5 August	Victoria goes into lockdown for 7 days then a further 7 days
16 August	Lockdown continues to 2 Sept. LV seeks an extension to the lacrosse season
26 August	LV Board announces that if we can return to play in September then LV will play a two-week finals series.
1 September	Extension of restrictions from September 3 – 17.
2 September	Board advises of the cancellation of 2021 Season
3 September	<p>Board advises:</p> <ul style="list-style-type: none"> No premierships to be awarded for the 2021 season. The 2021 Annual Report will show all premiership tables and acknowledge the standings and the ladder of the competition when the season was halted. All Best and Fairest winners will stand and be presented at an appropriate occasion

General Manager Report

STAFF

Maureen Austin advised that she would be able to work part time to assist in the transition to the new finance officer. Nicola Millard-Michaelis commenced on Monday 12 April. She works in a part time capacity from the office each Monday and Wednesday and complete some administrative duties from home on the other three days.

The LV Board agreed to upgrade Sean Aaron's title and responsibilities from Competitions Officer to Operations Manager. Unfortunately, this was short lived as Sean resigned from this position as he accepted an offer in business. Sean has been an excellent manager of the competition and has put all his energy into this position. It is difficult to manage a competition that you are participating in, however, I found Sean to have great objectivity and judgement when making decisions for the competition. We wish Sean all the best in his new position but we are also delighted that he is still playing in State League and continuing to strive for Victorian and Australian selection.

LV was delighted that current staff member Matt Keogh accepted the position as Competitions Officer replacing Sean Aaron. Fortunately for Matt the fixtures and competition structure were all completed by Sean prior to his departure. However, nobody saw the second wave of Covid affecting the season.

This became an extraordinary difficult period for an experienced sports administrator let alone one embarking on competition management for the first time. Matt submitted his resignation on Monday 16 August. Matt was a loyal worker who managed the Sixes competition prior to taking on the role as Competitions Officer. He also worked at schools with Quickstix and managed our Child Safe policies. Matt had many hats to wear and did a excellent job representing Lacrosse Victoria.

JUNIOR REVIEW

A review of the structure of the Junior competitions was conducted throughout 2021.

The members of the panel were:
Ben Stone (LV Board and Chair of the Junior Review), Nick Anthony (Melbourne University), Bill Barton (Surrey Park), Jackie Bowyer (Newport), Kristen Stone Hutchison (Williamstown Women / LV Office), Scott Nicholls (Camberwell), Damien Orr (Williamstown / Lacrosse Australia) and Michael Sholly (GM Lacrosse Victoria).

General Manager Report

Continued

The panel made seven recommendations to the Board and all were accepted and will be implemented in the 2022 season:

Recommendation 1

LV adopt age groups based on the school age date for each year level currently being May 1st – April 30th of each year. All students at the same year level at school should play in the same level at their club.

Recommendation 2

LV adopt U18 as the top age bracket for both junior boys' and girls' competitions. This will enable Year 12 students to continue to play in a junior competition and junior players to transition to seniors after their final year of secondary school.

Recommendation 3

Introduce U10 an entry-level lacrosse offering where the purpose is to leverage programs run in schools and offer lacrosse without the travel burden for primary school children. This should be equivalent to Quick Stix's Invade model with the potential to rebrand the program to distinguish the club program from the school's program. U10 lacrosse is encouraged to be held on weeknight with a one-hour session once per week in a program block of five to eight weeks duration program run during the school terms. It can be run multiple times per year and potentially year-round. Clubs can host their own or partner with neighbouring clubs to deliver the programs. The Quick Stix program is designed for entry level players to engage in skill activities, mini-games and modified 4v4 lacrosse facilitated by Quick Stix accredited club personnel. Children in this program with the skills and desire to play in the U12 competition on Saturdays can do so.

Recommendation 4

Maintain two years per age bracket with even ages aligned to school years for both junior girls and boys competitions (i.e. U10 and U12 for primary school and U14, U16 and U18 for secondary school).

Recommendation 5

LV support the Player Pathway identified by JAC and associated structural and rule changes for the junior winter competition. This includes U12 being a modified Lacrosse Sixes competition split into three conferences (East, West & North) with three lightning carnivals per winter season for both the girls and the boys' competitions.

Recommendation 6

The LV Board appoint a Director to oversee the strategic direction of the Junior competitions.

General Manager Report

Continued

WOMENS REVIEW

The LV Board appointed a group to review the senior women's competition. With many of the State League players and supporters attending the World Cup and World Games occurring in July, it was difficult to introduce strategies moving forward.

A decision was made to play a restricted State League season which would conclude by the National Championships in June. There was uncertainty about the National team touring the USA and the effects Covid would have on players having to attend camps and possibly a requirement to be isolated prior to departure.

The Womens Review Panel introduced a fourth team to the competition – the LV Development Team. This team would give the opportunity for players whose clubs do not play in the State League the ability to play in the State League and represent their clubs on weekends. The Development Team be aided by having two Australian Squad players selected each match. Their matches would be played midweek to allow these players to play on the weekends with their clubs.

Several rules regarding finals eligibility, awards and their ability to play against their club were put in place to ensure the integrity of the competition.

State League would commence the first week of April, play nine rounds over seven weeks with a two-week finals series.

Necessity is the mother of invention and this model may prove to be successful providing a guide to how our competitions may look in the future.

IOC ANNOUNCEMENT

World Lacrosse took an historic step forward in its continued growth and development as the International Olympic Committee (IOC) Membership voted on 10 June 2021 to grant full recognition to the International Federation for Lacrosse.

General Manager Report

Continued

Full recognition by the IOC ensures World Lacrosse will maintain its status as a member of the Association of IOC Recognized International Sports Federations (ARISF). Additionally, World Lacrosse will be eligible to receive financial support through the IOC Development Program and will continue to benefit from access to IOC meetings, educational seminars, publications and other resources. World Lacrosse now represents 70 member-National Governing Bodies worldwide and has welcomed seven new members in the last two years.

In May 2021, World Lacrosse formally introduced a new discipline of lacrosse — World Lacrosse Sixes — which is designed to:

- Support and encourage the continued growth of lacrosse worldwide
- Provide greater access to lacrosse by eliminating barriers to entry (e.g., cost, team and field size)
- Appeal to the next generation of sport participants and fans with a discipline that features tempo, speed, scoring and less specialization
- Over time, create greater competitive balance internationally by bringing more nations within reach of the podium at major international events and
- Fit within the 21st Century Olympic framework, where the International Olympic Committee and Host Cities are working to reduce the cost and complexity of staging the Olympic Games.

World Lacrosse is also undertaking a full review of its current World Championship structure, with an aim toward improving the experience for participating athletes while increasing the visibility and marketability of these signature properties.

POLICIES

An annual review of all Lacrosse Victoria policies is undertaken with two new policies introduced in 2021.

- Flexible Uniform Policy
- Trans and Gender Diverse Policy

We believe that both these policies will make all participants feel more comfortable when participating in all LV competitions and events.

I would like to thank the Lacrosse Victoria Board, and in particular the Chair, Jess Symonds, for their support of the staff through some of the most difficult periods in the history of Lacrosse.

Competitions Report

It was with great disappointment that 2021 was again disrupted by Covid and ultimately the season was cancelled in July. The Lacrosse Victoria Board made the decision not to award premierships however we have noted with an Asterix next to our leading teams at this team and were awarded our minor premiers.

Our competitions are built around playing finals and eventually playing a Grand Final to decide the premier team for the year.

Unfortunately, we were unable to do this and with an imbalance of matches played by the teams and other extenuating circumstances contributing to the decision of the Board not to award premierships. Unlike 2020 we were at least able to get through approximately half the matches before cancellation. Below is a report on the positions on the ladder for all our competitions.

SENIOR WOMEN'S

Camberwell joined the State League competition to make four teams and they started the season off with a bang defeating Williamstown in the opening match. Traditional rivals Newport and Footscray played a double header with the Mens and the Newport had the best of the match winning by five goals.

When the season was cancelled Footscray finished on top equal on points with Newport with a game in hand. Camberwell's rivalry with Williamstown continued and their three games Camberwell won two of them and finished third on the ladder.

In A Grade only two games separated the top three teams with an exciting conclusion to the season anticipated. Newport won six of their seven games whilst Malvern had won six of their eight. As a result, Newport was awarded the minor premiers.

The B Grade season was suspended with Eltham completing eight games with six wins. Altona, Newport and Melbourne University would have provided stiff opposition with each of those teams winning five games.

SENIOR MENS

Camberwell were on target to win the State League for the first time, and it must have been a bitter pill to swallow when the season was cancelled. Camberwell played 11 matches winning ten of those and only lowering their colours to second placed Williamstown. It would have been a thrilling finals series with Footscray and Caulfield not far behind.

In Division 1 Williamstown were undefeated and looked to have that competition under control with a huge goal differential of plus 150.

That was an average win of 10 goals per game. Chadstone had made a promising start with nine wins from their 11 matches. There only losses were to Williamstown with one of those by a solitary goal.

Eltham and MCC rounded out the top four.

Footscray remained undefeated and three wins clear of both Eltham and Williamstown in Division 2. The premiership appeared theirs to lose. Malvern and Altona were set to fight out the Division 3 title with only one win separating them. Melbourne University/Brunswick and MCC/Bendigo were likely to finish in the top four.

JUNIOR GIRLS

The Under 17 girls had six teams competing in their competition.

Williamstown were awarded the minor premiers after winning all their eight matches. Footscray won seven of their nine whilst the combination of Camberwell/Caulfield/Malvern won six of their eight completed matches.

Only four teams competed in the Under 15 girls' competition and the combination of Camberwell/Caulfield won all their eight games. In clear second place was Footscray winning five of their nine games.

Six teams competed in the Under 13 girls' competition with a much tighter battle between the top four teams. Footscray were the minor premiers with Williamstown, Camberwell/Caulfield and Newport closing in. This would have been a competitive finals series.

JUNIOR BOYS

Seven teams were entered in the Under 17 boys' competition.

Williamstown were undefeated after ten rounds with Caulfield/Malvern in second place on seven wins. Eltham and Surrey Park/Camberwell were sitting in third and fourth position well clear of fifth placed MCC/Chadstone.

The Under 15 boys had completed ten rounds and a competitive end to the year was anticipated. Footscray were awarded the minor premiers on percentage from Altona. Both had only had one loss. Eltham/Surrey Park had one five games and were sitting in third position hoping to cause an upset.

Footscray and Altona both had eight wins in the Under 13 boys' competition. Footscray were awarded the minor premiership on percentage. Williamstown and Eltham were likely finalists with six and five wins respectively.

SENIOR 6 v 6 COMPETITION (Summer)

In February and March, the senior men & women 6v6 competitions and many senior teams' first taste of inter-club competition after the 2021 field season was cancelled with a match played.

The competition was played over four Saturdays from the 27 February through till 27 March (Excluding Labor Day Long Weekend), to coincide with club preparation for the regular season.

After the success of holding the 2020 Junior 6v6 competition at multiple venues, the 2021 iteration of the Senior 6v6 will be held at two venues, Altona & MCC Beaumaris in an effort to cater for more participation and build upon the 10 teams that participated last time.

This year saw the introduction of shot clocks with physical displays at both venues, adding a new facet to the fast-paced format and allowing for participants to further develop and exercise their time management skills whilst in offence.

Matt has been working on boosting the senior 6v6 numbers and getting the competition ready for the kickoff on Saturday 27 February. Two venues will host on Saturday mornings with games starting at either 9 or 10 am with MCC (Beaumaris Secondary) and Altona (PJ Lynch Reserve) hosting. A massive thank you to those two clubs for again stepping up and hosting a 6v6 initiative.

A total of 18 teams are participating across the men's and women's competition. This is an increase from 10 teams in 2020.

Of the 18 teams, 12 entered in the men's competition (up from 6) and 6 in the women's competition (up from 4). We have used the World Lacrosse rules with some slight variations on quarter length time and team sizes to maximise value for clubs. We had over 210 players participate.

On the officials front we have had strong participation from VLO (Victorian Lacrosse Officials) and have had three officials for nearly every men's game and a VLO umpire at most women's games in the west.

HIGH-PERFORMANCE REP TEAMS

All Championships in 2021 were cancelled due to Covid.

BOX LACROSSE

Rod Maher with the assistance of the Altona Lacrosse Club managing the Box Lacrosse competition. Attached is the fixture they are hopeful of utilising.

Competition commenced at the newly constructed Box Lacrosse facility at Altona on Friday 12 November. The Men's competition played on Friday nights and the juniors on Saturday mornings.

The season will be played over nine home and away rounds concluding on the first weekend of February. The following weekend, 9 – 12 February will be the Box National Championships. The finals will be conducted the following two weeks.

Rod and his team worked hard on endeavoring to get a senior women's and junior girls competition activated; however, and after several try out days there weren't enough participants to form a competition. Hopefully the success of this competition will highlight the game and the great facility and more female participation will be enable a competition to commence in 2022.

Elite Sixes Competition

ELITE WOMENS SIXES

An elite group of past and present Australian players put their minds together to create an event around the Sixes format to provide a platform for elite players to play high-level Lacrosse. But more importantly, to include the up and coming youth and future players of our great sport into the mix.

This allowed coaches and elite players to mentor, support, and add depth to each player and the sport in Victoria. It was created with the motto "BE DO SEE. You can't be what you can't see." We wanted to create a spectacle for young girls to see what a future in the game could look like.

There were two teams; Synergy and Fusion, created as an invitational with selected players sent a ticket to join the event. Overall, there were approximately 30 players invited.

The event was created much like the American Athletes Unlimited Pro Women's League, not only with a new, exciting venue at L.J. Murphy Reserve at Port Melbourne Soccer Club, but also with live streaming on the Australian Lacrosse Network with the best of 3 games over 7 days taking the win. Two Friday night games, and one Sunday game.

We structured the teams evenly but added the exciting element of having live statisticians counting individual points for players; ranging from goals, assists, groundballs, caused turnovers, turnovers, saves - some skills adding points, and some subtracting points. This created some exciting hype around the player count after each game which ended with the player who had the most points after the three games being crowned MVP of the tournament, which was secured by Footscray's Bec Lane.

Synergy came out with the win after both teams entered the final game 1-1.

It was a fantastic initiative, supported greatly by Lacrosse Victoria and the Lacrosse community. We look forward to making this an annual event that enables our community to come together to support the women of our future.

ELITE MENS SIXES

During November/December of 2022 LV introduced an Elite Sixes competition to the calendar. The competition was designed to invite the best 48 players to fill 4 teams named after former legends of the game. The names being Butkiewicz, Fox, Gandy and Tillotson. The teams were randomly drafted to each team coached by Vic Coach Lee Davis, Aussie men's coach Glen Meredith and SL coaches Darren Gibson and Darren Nicholas.

The take up after the previous two years of Covid interruption was very strong. Obviously not all could play, however this gave us the opportunity to draft in some younger players with a view to 2028 and possible inclusion for this format to the Olympics.

Games were of a very high standard, packing in 2 games per day over 3 weekends and standalone finals on week 4. The winner of this year's competition was Team Tillo with a 15-12 result over the Keka's. The consolation game had the Gandy's 18 def Foxy's 10. A big thank you to Altona LC is in order for without their vital support in hosting this competition it would not of been possible.

Best & Fairest Awards

Division/Grade	Name	Club
Men's State League	Lucas Parsons-Quintiao	Footscray
